## MARIETAS ECO DISCOVERY

Explore the island's unique ecology and wildlife

This day is the perfect mix of ecological discovery, natural beauty and spirited entertainment. Explore the bay as you head out to the islands, looking for dolphins, rays and turtles along the way. As you reach the islands, you will encounter over 90 species of birds that call the island home. Enjoy time in the clear refreshing waters around the islands swimming, snorkeling, kayaking and exploring a buffet lunch, open bar, music and an entertaining performance by the crew.

- Scenic tour on a catamaran out to the Marietas Islands
- Delicious continental breakfast and buffet lunch onboard the boat
- Eco-exploration of one of Mexico's newest National Parks
- Relaxation on a tranquil beach (weather permitting)
- Kayaking, paddleboarding, and snorkeling into caverns and under the islands' famous arch
- Open bar following the water activities
- Original, lively entertainment onboard the catamaran
- Whales sighting (winter) and a wide range of sea life
- Swim into the world famous "hidden beach" \* (conditions permitting)
