LUXURY SAILING

Let the tropical winds carry you over turquoise waters to secluded bays and pristine beaches

Whether it is your first time out on the water or you are a seasoned sailor, this tour is a chance to learn to sail with our experts, show us how it's done, or simply relax and enjoy the experience. You'll appreciate the luxury and comfort of our Beneteau® sail boat as you sail out of the Vallarta Marina and explore the stunning north coast of the bay. With private beaches and coves accessible only from the sea, you will visit places that few get to see. This is a unique and spectacular way to explore the bay.
